INVIZY & THE MISFIT SUPERS

They built the Super Celebrity Resort for rejuvenation. But for the misfits, life was draining. Separated by dark outfits and abused by some of the celebrities, the misfits' future seemed gray...until a mysterious scent lured the celebrities to Invizy, the villainous green orb with glasses.

Invizy's plan :
To trap the celebrities in his ant farm and liberate the misfits!

For my friends, both Misfits and Celebrities

**INVIZY & THE
MISFIT
SUPERS**

I am **Invizy!**

Come meet your **DOOM!**

My scent has lured you
through midnight **gloom.**

Say goodbye to **celebrity fame.**

You've **abused** us too long...
now grovel in
SHAME.

Silensa (the mute)

sensed
crime
in the
air.

Through
empty
streets ran ...

and . . .

found
Hearo there.

To the rescue
they flew,
her eyes as
their guide,

To call out all **Misfits**,
to finally arise . . .

And that's just the beginning....

"Through Scott's compelling illustration style, one can't help but be drawn into this underdog story!"

- Paul Cox, Illustrator.

Love love love this book! A beautiful story of self discovery and overcoming personal obstacles for the greater good. I love that the story has an overall narrative but also allows for storytelling by the reader. Each read can be a whole new adventure...The colors are dazzling and the characters fun and quirky. This book is a unique adventure I'm excited to share and treasure with my children for years to come.

- Jenn Shreeve, Nurse & Mother

"Fantastic, entertaining, captivating for all ages, teaches refreshing moral lessons in a fun and creative story. Refreshing in a world of decaying media.

- Blake Montgomery, Student

Invizy and The Misfit Supers stands to be a coming-of-age classic. Playing on the theme of super heroes, but with a surprisingly crafty twist, Scott brings a distinctly human nature to his characters unlike anything I've ever experienced... Scott has effectively stampeded onto the scene of rising animator stars. I expect big things from this, his first publication and nothing but triumphs to follow. Mr. Wiser is definitely the man to watch in the coming years.
